Summary

Seasoned technology and business leader with extensive experience in creating, transforming and leading both large and small (technological) organizations. Passion for building up high performance, cross-functional and self-managed balanced teams (from scratch). Entrepreneurial mindset through my family's business. Open-source and machine learning evangelist with global reach. Big fan of agile practices, lean product development & extreme programming practices.

Highlights:

- I established and led Axel Springer AI (https://ai.axelspringer.com/), the artificial intelligence unit of Axel Springer SE, one of the largest digital publishing house in Europe
- Driving Axel Springer's change into a real "tech" company:
 - Established and managed the Axel Springer Tech Blog
 - Co-organized the Axel Springer TechCon 2019 which was the first installment of a group-wide conference within the Axel Springer group
 - Established a more open-source and research-driven mindset with several successful open-source projects e.g. imagededup 3k stars, image-super-resolution 1.9k stars etc.
- Turned idealo's data team from a pure cost center into a profit center e.g. monetizing our data for CRM campaigns which resulted in EUR 1 million additional revenue in the 1st year and EUR 2 million in the 2nd year
- (Keynote) speaker at several internal and external conferences e.g WeAreDevelopers, PyData etc.
- Mentor for AI, (tech) products and leadership
- My (online) publications reach thousands of viewers

Experience _____

Axel Springer Ideas Engineering GmbH

Berlin, GER

Head of AI at Axel Springer AI

06/2019 - present

- Establish and lead Axel Springer AI, the artificial intelligence unit of Axel Springer SE, one of the largest digital publishing house in Europe
- My team's research focus was mainly on Voice (TTS & STT) and NLP topics. We also open-sourced several projects:
 - * TransformerTTS (Implementation of a non-autoregressive Transformer based neural network for text to speech.) https://github.com/as-ideas/TransformerTTS

- * ForwardTacotron (Generating speech in a single forward pass without any attention!) https://github.com/as-ideas/ForwardTacotron
- * headliner (Easy training and deployment of seq2seq models.) https://github.com/as-ideas/headliner/
- Driving Axel Springer's change into a real "tech" company:
 - * Established and managed the Axel Springer techblog
 - * Co-organized the Axel Springer TechCon 2019 which was the first installment of a group-wide conference within the Axel Springer group
 - * I'm the "face" of the new employer branding for technology within the Axel Springer group
 - * Represented Axel Springer internally and externally at several renowned conferences, podcasts, magazines etc.
 - * Established a more open-source and research-driven mindset
 - * Evangelizer for Tech & Product first

idealo internet GmbH

Berlin, GER

10/2017 - 05/2019

- Head of Data Products at idealo
 - Co-head of the data team (25+ people) with a special focus on building up the data science/data engineering team (built up from scratch hired 6 people within 9 months)
 - Led the data science team directly where my team's research focus is on:
 - * Interpretability of deep learning models (mainly computer vision problems)
 - * Efficient deployment of machine learning models
 - * AutoML
 - * Data collection process (in-house labeling and external mechanical turk approaches)
 - Selected projects of my team:
 - * We used deep learning to automatically rank millions of hotel images (300+ million) according to their aesthetic and technical quality which helped to improve the listing for small and mid-sized hotels
 - * We trained CNNs to automatically generate nice looking product galleries which reduced the workflow time of our content team by 75%
 - * We built a tree-based classifier to predict non-purchases of customers which helped our CRM team to target those customers three days ahead before we receive the actual sales data by the shops
 - Provided technical and scientific guidance to senior team members and also our machine learning trainees
 - Created the machine learning powered roadmap for idealo for both product and research
 - Turned the data team from a pure cost center into a profit center e.g. monetizing our data for CRM campaigns which resulted in EUR 1 million additional revenue in the 1st year and EUR 2 million in the 2nd year
 - Set up a regular knowledge sharing session internally and externally across the Axel Springer companies including Bonial, Upday etc.
 - Established the open-source strategy under the idealoTech umbrella and executed it e.g. created and managed the idealoTech blog (https://medium.com/idealo-tech-blog), idealo's Github landing page and also the @idealoTech channel on twitter
 - My team open-sourced several projects with high business impact:
 - * image-quality-assessment (Convolutional Neural Networks to predict the aesthetic and technical quality of images.) https://github.com/idealo/image-quality-assessment

* image-super-resolution (Keras implementation of the Residual Dense Network for super scaling images.) - https://github.com/idealo/image-super-resolution

Pivotal Inc. Berlin, GER

Senior Data Scientist at Pivotal Labs

10/2015 - 10/2017

- Leading and managing the Data Science practice for Pivotal Labs Berlin
- Created machine learning models and put them into production for various clients
- Supported pre-sales activities by creating demos/proof of concepts and blog articles
- Scoped data science projects including proposal writing, resource estimations and budget
- Provided data science thought leadership, for example, helped to establish the smart apps idea and XP practices into data science like TDD (http://tinyurl.com/gme62kr), pair programming and CI/CD
- Established an API First culture within the company: http://tinyurl.com/z9kv5ae
- Gave talks at PyData Berlin, London, San Francisco 2016 and CF Summit Europe 2016
- Data Scientist from 10/2015 06/2016

Accenture GmbH Berlin, GER 08/2014 - 09/2015

- Data Scientist at Accenture Digital
 - Built up internal capabilities and showcases in the area of network analytics, operations analytics, text analytics, customer analytics and data visualizations
 - Worked on setting up an analytics center of excellence for a large German airline
 - Led and co-ordinated workshops at customers to demonstrate the value of data science
 - Acted as point of contact for internal requests of various advanced analytics topics such as machine learning and optimization
 - Supported pre-sales activities by creating proof of concepts for clients in telecommunication, aviation and automotive
 - Helped to organize internal and external events such as TEDxRheinMainSalon Datanauts and LMU DataCrunch

Others

- Various roles
 - Experienced (keynote) speaker and advisor for many diverse topics such as AI, technology, culture & transformation. Some references: Bertelsmann, Sparkasse, Süddeutscher Verlag, Dataiku
 - I'm a mentor for AI, (tech) products and leadership e.g. Springboard https://www.springboard.com/
 - I'm part of Google's Developers Experts (GDE) program for Machine Learning. I try to evangelize and build a community around AI and ML
 - Member of the program committee for Data Festival https://www.datafestival.de/
 - I've worked for my family's business for years where I managed several things from online marketing (SEO, review portals and social networks) to finance
 - * Sy Restaurant http://www.sy-restaurant.de/
 - * Hotel Diana Berlin http://www.hotel-diana-berlin.com/
 - * Humydo Pham & Tran GbR https://humydo.com/
 - During my undergraduate I interned at several Investment Banks e.g. Deutsche Bank, Jefferies. I gained experience in M&A, equity research and also asset management
 - Thesis Advisor:

* Hong Ngoc Truong. Bachelor Thesis, co-supervisor with Prof. Dr. Manfred-Erich Jäger-Ambrozewicz, HTW Berlin - University of Applied Sciences, Germany. Title: "Machine Learning: Tree-Based Algorithms", 2018

Education

Humboldt University of Berlin

Berlin, GER

Master of Science in Business Administration, Grade 1.9

10/2011 - 12/2013

- Field of Specializations: Operations Research and Econometrics
- Research Interests: Graph Theory, Queuing Theory and Dynamic Programming
- Master Thesis: Optimal Design for an Online Dutch Auction Selling Airline Tickets Advisor: Prof. Dr. Kurt Helmes, Department of Operations Research, Grade 1.7 Digital Copy: http://tinyurl.com/jsq8hwp

Berlin School of Economics and Law

Berlin, GER

Bachelor of Arts in Business Administration, Grade 1.5

04/2008 - 07/2011

- Field of Specializations: Banking & Finance and Accounting
- Bachelor Thesis: Best of N Concept A Comparison of Dynamic Asset Allocation Strategies Advisor: Prof. Dr. Thomas Wolke, Department of Finance, Grade 1.7
 Digital Copy: http://tinyurl.com/184jskr

Study Abroad at the University of Sydney

Sydney, AUS

Exchange Program

03/2010 - 08/2010

 Courses taken in Portfolio Management, International Financial Management, International Business Strategy, Calculus I and Linear Algebra I

Friedrich Anton von Heinitz Gymnasium

http://tinyurl.com/z9kv5ae - Jointly with Alicia Bozyk

Rüdersdorf, GER

Abitur, AP English and Chemistry, Grade 2.5

Skills & Interests

• Computer

Very good knowledge in Python including the PyData stack: scikit-learn, pandas, matplotlib,
 XGBoost etc.

★ 700+ ¥ 150+

- Working experiences with deep learning frameworks such as TensorFlow and PyTorch
- Practical experiences in solving big data problems using Apache Spark (PySpark) and MPP databases
- Worked under a Test-Driven and CI/CD environment and constantly embraced Pair Programming
- Experiences with Microservices, PaaS and Cloud Computing (Cloud Foundry, AWS, GCP)
- Good knowledge in SQL, Git, VIM, LATEX, UNIX

jupyter2slides - http://tinyurl.com/y4qfenxv

Cloud Native Presentation Slides with Jupyter Notebook + Reveal.js

- Experiences with HTML, CSS and JS (mainly React)

• Industry

 Industry experiences in Media, Telecommunications (Postpaid, LTE and VoIP), Aviation (Customer Segmentation), Automotive (Spare parts management, Aquaplaning prediction), Banking, Logistics and E-Commerce

• Languages

- German (native), English (fluent), Vietnamese (beginner)
- Others
 - Taekwondo, Soccer (11 years Landesliga), Traveling, Literature, Cooking, History, Strategy
 - McKinsey Masters 2013 Regional Winner and second in the Nationals
 - e-fellows.net Scholarship
